Clear, concise and high resolution

HDMI Metal Frame Monitors

The AusProTec™ Maxi Vision® HDMI range has been specifically designed to provide a clear, high-definition image all based around your HDMI input.

Housed in a metal frame enclosure, these monitors are robust in design and supplied with an easy to use on-screen display (OSD) functionality input.

Features

- 8" and 10.2" versions available
- TFT LCD high resolution low reflection display
- 7 language display selection
- Lightweight and compact in design
- Robust metal frame enclosure
