MUIRHEAD®

Reliable Light Vehicle Engine Protection

LIGHT VEHICLE ENGINE WARNING SYSTEMS

The Muirhead® Light Vehicle Engine Warning systems offer engine protection for your light commercial, off road mobile equipment by monitoring engine oil pressure, coolant temperature and coolant levels.

The systems, by alerting the operator, reduces premature engine failure, damage and costly repairs.

The systems provide audible and visual warnings and incorporates additional outputs for return to idle or shutdown modes. Compact in design and easy to install.

Features

- Audible and visual warning
- Solid state technology
- Tamper proof
- Guards against engine failure
- Optional idle or shutdown function in the

Parts
