Reliable, affordable lighting for harsh conditions

LED Compact Work Lamp

Representing the latest in high output lighting technology, the AusProTec™ Compact LED work light is robust, powerful and resistant to shock, vibration, dust and moisture.

With solid-state LED construction and a fully sealed housing (rated to IP68), this LED work light takes durability and reliability to the next level.

This work light features rugged and lightweight die-cast alloy housing, stainless steel mounting hardware, and virtually unbreakable polycarbonate optical lenses. Containing 4 x LED's, this multi-voltage unit has a 840 lumen output making it a perfect solution for your compact lighting application.

Specifications

Square 4 LED Lamp (45 degree up & down tilt bracket)	
Luminous Flux (Raw)	1200 Lumens
Luminous Flux (Effective)	840 Lumens (approximate)
LED Quantity	4 PCS
Lens	Poly carbonate lens
Optic angle	40 degree
Power Input	1.6A @ 12V & 0.8A @ 24V
Power Operate Voltage	12V~52VDC
Connector	2-pin Deutsch DT series
Vibration Rating	10 G
IP Rating	IP68
Body and mounting bracket	aluminium alloy & stainless steel
Dimensions	L 65* W 85* H 109.5 mm
Weight	760 grams
