AUSPROTEC™

Superior clarity, reliable and easy recording

4 Channel SD Card DVR Recorder

The Maxi Vision® Digital Video Recorder (DVR) is robust in design and ideally suited to industrial and mining applications. Housed in an aluminium casing, this IP69K recorder is designed to stand up to the harshest of environments.

Automatically recording events, 20 seconds pre and post, this multi-voltage unit comes complete with a 256GB SD Card, GPS Antenna, Remote Control and four camera inputs.

View all recorded images on-screen (four camera view including displayed GPS co-ordinates and GPS speed indicator).

Images are easily downloaded by the Maxi Vision® PC Viewer showing over speed, events, driving route, speed, time, location and GPS tracking via Google map interface (Terrain or Map display available).

This all-in-one unit is your solution for driver management, events recording, machine monitoring and training.

Features

- IP69K waterproof
- All diecast case
- SD card cover locking system
- Wi-Fi (optional)
- Compact design
- 4-trigger wire input

Wi-Fi available upon request but dependant on FTP server access.
