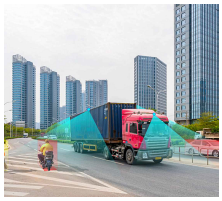
AUSPROTEC™

Ensure the safety of drivers, pedestrians, and assets with this advanced intelligent vehicle monitoring and alert system.

10.1" PEDESTRIAN AWARENESS MONITOR WITH INTERNAL RECORDING

The solution integrates AI-powered detection, a built-in DVR, and a high-resolution display into one robust system. Designed for large vehicles and industrial fleets, it provides drivers with real-time alerts to prevent accidents, especially in blind spots, while recording continuously to capture reliable evidence.



Built tough for industrial and fleet applications, the monitor's IP66-rated housing delivers dependable performance in rain, dust, heat, and extreme conditions.

With its all-in-one design, it doesn't just improve safety, it protects people, vehicles, and assets while simplifying fleet upgrades and streamlining day-to-day operations.

Note: This product is designed as an aid to safe driving and fleet management. Operators should always exercise proper care and vigilance. Images are for illustrative purposes only.

Benefits:

- Enhanced safety: Real-time hazard alerts help reduce accident risk.
- **Reliable evidence:** Continuous, secure video recording supports accident investigation and dispute resolution.
- **Versatility:** Suitable for a wide range of vehicle types and fleet sizes.
- **Weatherproof performance:** Maintains functionality in adverse weather, ensuring consistent monitoring.
- **Data protection:** Secure storage and access controls safeguard sensitive footage and information.
- **Cost-effective:** All-in-one design reduces the need for multiple devices and simplifies fleet upgrades.

Display	10.1" IPS, high contrast and brightness
Video storage	2x 512GB micro SD, 1x 2TB SSD
Recording	Automatic loop recording
Camera integration	AI camera support
Waterproof rating	IP66
Data security	Memory slot lock, password login

Features:

- AI-powered pedestrian and vehicle detection
- Real-time audio and visual driver alerts
- Built-in DVR with support for 2x 512GB micro SD and 1x 2TB SSD
- Automatic loop recording for uninterrupted evidence capture
- 10.1" high-resolution IPS display
- IP66 waterproof, weatherproof design
- Secure access with memory slot lock and password login
