CONTROLMASTER®

Light weight and compact portable power source

LITHIUM ION BATTERY AND CHARGER

The Control Master® Lithium ION Battery and Charger have been designed to provide a simple, light weight and compact portable power source for the Control Master® Remote Control Transmitter.

The Lithium ION battery is one of the most popular types of battery with one of the best energy to weight ratios – no memory effect and a slow loss of charge when not in use.

A Lithium ION battery charger is required at all times to charge lithium ION batteries.
