AUSPROTEC™

Be safe, be seen, be smart

Forklift LED Arc Light

Forklifts often operate in high-traffic areas where audible warning sirens and alarms provide little to no impact in busy surrounds.

To combat this problem, RCT has designed the AusProTec LED Arc Lights to make a visual impact. These state-of-the art lights, project an exclusion arc onto warehouse floors to visually alert personnel that a forklift is in the vicinity.

The AusProTec LED Arc Lights deliver high intensity indicators for long-range visibility; creating maximum impact in any indoor application.

Specifications

Voltage	10 - 60 Volts DC	
Power	21W	
Dimensions	130mm (W) x 150mm (H) Including Mount x 80mm (D)	
Material	Die-casting aluminium housing	
Reflector and lens	Poly carbonate	
Mounting bracket	Stainless steel	
Termination	500mm flying lead	
Waterproof rating	IP67	
Hours lifespan	30,000+	
Beam pattern	Arc	
LED chips	7pcs*3W CREE leds	
Voltage	Current draw 14991	Current draw 14990
9	Minimum voltage ~10V	Minimum voltage ~10V
12	1.67 A	1.67 A
24	0.8 A	0.8 A
48	0.43 A	0.43 A
60	0.33 A	0.33 A

Parts

- APN: 14990 LED ARC LIGHT 9 - 60VDC BLUE
- APN: 14991 LED ARC LIGHT 9 - 60VDC RED
